## ARE YOU DRIVING AN UNSAFE CAR? WHAT YOU NEED TO KNOW ABOUT RECALLS...

Only you can protect your family or yourself from defective or non compliant vehicles or equipment that could pose a threat to your safety. Learning how to check for recalls is the first important step, and the next is knowing how to get your recall fixed for FREE.

### WHAT IS A VEHICLE RECALL?

A vehicle safety recall is just that—bringing an unsafe vehicle to a dealership to resolve a safety problem when a manufacturer or NHTSA determines that a vehicle or piece of equipment has a safety-related defect or does not comply with federal standards. Manufacturers are required to fix the problem by repairing it, replacing it, offering a refund, or in rare cases, repurchasing the vehicle.

### CHECKING FOR RECALLS

If your vehicle is currently under recall, you should receive a notice in the mail from your vehicle's manufacturer. If you're worried about missing a notice, you can also stay up to date on recalls by signing up for notification emails.

But you don't need to wait for a notification to find out if your vehicle is under recall. Visit <https://www.NHTSA.gov/recalls> and enter your VIN to see if your vehicle is under recall. You can also use NHTSA's website to check on vehicle-related products, such as car seats, tires, or equipment.

Not sure where your VIN is? Look on the lower left of your vehicle's windshield. It is 17 characters long. Your VIN is also located on your vehicle registration card, and it may be shown on your insurance card too.

### GET THE REPAIR (FOR FREE!)

If your vehicle is under recall, follow any interim safety guidance provided by the manufacturer and contact your local dealership to get the FREE recall repair.

If you think your vehicle or equipment could have a safety defect, reporting it to NHTSA is important. You can report any suspected safety defects to NHTSA by visiting [www.NHTSA.gov/recalls](http://www.NHTSA.gov/recalls), or by calling NHTSA's vehicle safety hotline (888-327-4236 or 800-424-9393 toll-free from anywhere in the United States, Puerto Rico, and the Virgin Islands).

With safer drivers and safer cars, we'll have safer roads—and your efforts can help save lives!

By James C. Owens, Deputy Administrator, National Highway Traffic Safety Administration (NHTSA)

## HAPPY CINCO DE MAYO!

Cinco de Mayo, or the fifth of May, is a holiday that celebrates the date of the Mexican army's 1862 victory over France at the Battle of Puebla during the Franco-Mexican War. The day, which falls on Thursday, May 5 in 2022, is also known as Battle of Puebla Day. While it is a relatively minor holiday in Mexico, in the United States, Cinco de Mayo has evolved into a commemoration of Mexican culture and heritage, particularly in areas with large Mexican-American populations.
